

**TBS/GTDC3 (5111)P1/ ISO 50003:2014 - Energy management systems –
Requirements for bodies providing audit and certification of energy
management system**

TANZANIA BUREAU OF STANDARDS

SCOPE

This International Standard specifies requirements for competence, consistency and impartiality in the auditing and certification of energy management system (EnMS) for bodies providing these services. In order to ensure the effectiveness of EnMS auditing, this International Standard addresses the auditing process, competence requirements for the personnel involved in the certification process for energy management system, the duration of audits, and multi-site sampling.

This International Standard is intended to be used in conjunction with ISO/IEC 17021:2011. The requirements of ISO/IEC 17021:2011 also apply to this International Standard
