Dear All,

**RE: DRAFT TANZANIA STANDARDS FOR PUBLIC COMMENTS.**

As per laid down guideline for the working procedure of Tanzania Bureau of Standards in preparing and publishing Tanzania standards, stage three of the draft Tanzania Standard is public comments. Stages one and two were passed through and approved by the Technical and Divisional standards committees respectively.

The enclosed draft Tanzania Standards are now ready for public comments. Your technical or editorial comments will be highly appreciated

If you do not have any comments to make but find the draft standard generally acceptable it would be helpful if you notify us accordingly.

Any suggestions on review of the text should indicate the preferred wording, by quoting the relevant clause number against the comments made as indicated in the comments review form.

All draft standards comments should be addressed to the Director General, Tanzania Bureau of Standards not later than 2017-04-05 and if nothing is to be heard from the said date, then the draft Tanzania Standards would be considered as acceptable.

Thank you in advance  
Yours truly,
