TEXTILE AND LEATHER SECTION
DRAFT TANZANIA STANDARDS ON TDC 12 (SPECIALIZED TEXTILES
TECHNICAL COMMITTEE)

SN	TITLE	SCOPE
1.	TDC 12 (4681) DTZS Geotextiles and geotextile-related products - Strength of internal structural junctions Part 1 Geocells	This document describes index test methods for the determination of the strength of internal structural junctions of geocells under different loading conditions.
2.	TDC 12 (4682) DTZS Geotextiles and geotextile-related products - Strength of internal structural junctions Part 2 Geocomposites	This document describes index tests for determining the strength of the internal structural junctions under different loading conditions of all geocomposites and of clay geosynthetic barriers.
3.	TDC 12 (4683) DTZS Protective clothing - Performance requirements for protective clothing worn by operators applying pesticides and for re-entry workers	This document establishes minimum performance, classification, and marking requirements for protective clothing worn by operators handling pesticide products as well as re-entry workers. For the purpose of this document, the term pesticide applies to insecticides, herbicides, fungicides, and other substances applied in liquid form that are intended to prevent, destroy, repel, or reduce any pest or weeds in agricultural settings, green spaces, roadsides, etc. It does not include biocidal products used for agricultural and nonagricultural settings. Pesticide handling includes mixing and loading, application, and other activities such as cleaning contaminated equipment and containers. Concentrated pesticides are typically handled during mixing and loading. Protective clothing covered by this document includes, but is not limited to, shirts, jackets, trousers, coveralls, aprons, protective sleeves, caps/hats and other headwear (excluding hard hats made of rigid materials, e.g. hats worn by construction workers), and accessories used under knapsack/backpack sprayers. This document does not address items used for the protection of the respiratory tract, hands, and feet. This document does not address protection against fumigants.
