Second Edition 2026

CDC 7 (4920) DTZS ISO 981:1973

National foreword

This Tanzania Standard is identical to ISO 981:1973, *Sodium hydroxide for industrial use — Determination of chloride content — Mercurimetric method* published by the International Organization for Standardization (ISO).

Terminology and conventions

Some terminologies and certain conventions in the ISO standards are not identical with those used in Tanzania Standards and attention is drawn to the following:

The comma (,) has been used as a decimal marker (.) for metric dimensions. In Tanzania Standards, it is current practice to use a full point on the base line as the decimal marker.

Wherever the words “International Standard” appear in this Tanzania Standard, they should be interpreted as “Tanzania Standard”.

Scope

Specifies a mercurimetric method for determining the chloride content in sodium hydroxide for industrial use
