DRAFT TANZANIA STANDARD

Building drawings – Projection method

DRAFT STANDARD FOR PUBLIC COMMENTS

TANZANIA BUREAU OF STANDARDS

© TBS 2026

Second Edition 2026

This draft Tanzania Standard was published under the authority of the Board of Directors of Tanzania Bureau of Standards on yyy-mm-dd.

Tanzania Bureau of Standards (TBS) is the statutory national standards body for Tanzania established under the Standards Act No. 3 of 1975, repealed and replaced by the Standards Act No. 2 of 2009.

The Building and Construction Divisional Standards Committee (BCDC), under whose supervision this Tanzania Standard was prepared, consists of representatives from the following organizations:

* University of Dar er Salaam, College of Engineering and Technology,
Tanzania Commission for Science and Technology (COSTECH)
Ministry of Works (MoW)
* National Housing Corporation (NHC)
* Contractors Registration Board (CRB)
Ardhi University (ARU)
National Defense Force, National Service Division (JKT)
National Estates and Designing Consultancy Company Ltd (NEDCO)
Architects and Quantity Surveyors Registration Board (AQRB)
Institution of Engineers Tanzania (IET)
National Construction Council (NCC)
* Engineers Registration Board (ERB)
Fair Competition Commission (FCC)

The organizations marked with an asterisk (*) in the above list, together with the following, were directly represented on the Technical Committee entrusted with the preparation of this draft Tanzania Standard:

Association of Consulting Engineers Tanzania. (ACET)
Energy and Water Utilities Regulatory Authority (EWURA)
Tanzania Roads Agency (Tanroads)
Public Procurement Regulatory Authority (PPRA)

National foreword

TZS 295:1989 Building drawings – Projection method was found to be outdated during systematic review and has been withdrawn. The corresponding/current ISO Standard **ISO 5456-2:1996** Technical drawings — Projection methods Part 2: Orthographic representations **,** has been adopted as its replacement."

Terminology and conventions

Some terminology and certain conventions in the ISO standards are not identical with those used in Tanzania Standards and attention is drawn to the following:

Wherever the words "International Standard" appear in this Tanzania Standard, they should be interpreted as "Tanzania Standard".

The comma has been used as a decimal marker for metric dimensions. In Tanzania, it is current practice to use a full point on the baseline as the decimal marker.

Scope

This draft Tanzania Standard specifies the basic rules for applying orthographic representation to all types of technical drawings across all technical fields. The standard is applicable to technical drawings used in construction, including architectural plans, elevations, sections and engineering component drawings, insofar as they use orthographic representation
