DRAFT TANZANIA STANDARD

Air quality - Environmental meteorology - Part 3: Ground-based remote sensing of wind by continuous-wave Doppler lidar

Draft for public comments

DRAFT TANZANIA STANDARD

0. National foreword

This Draft Tanzania Standard is identical to ISO 28902-3:2018 Air quality - Environmental meteorology - Part 3: Ground-based remote sensing of wind by continuous-wave Doppler lidar published by the International Organization for Standardization (ISO)

Terminology and conventions

Some terminology and certain conversion are not identical with those used in Tanzania Standards; attention is drawn to the following:

The comma (,) has been used as decimal marker for metric dimensions. In Tanzania, it is current practice to use a full point (.) on the baseline as a decimal marker.

Wherever the words “International Standard” appear, referring to this draft standard, they should read as “Tanzania Standard”.
