DRAFT TANZANIA STANDARD

Air quality - Bulk materials Part 2: Quantitative determination of asbestos by gravimetric and microscopical methods

Draft for public comments

DRAFT TANZANIA STANDARD

0. National foreword

This Draft Tanzania Standard is identical to ISO 22262-2:2026 Air quality - Bulk materials Part 2: Quantitative determination of asbestos by gravimetric and microscopical methods published by the International Organization for Standardization(ISO)

Terminology and conventions

Some terminology and certain conversion are not identical with those used in Tanzania Standards; attention is drawn to the following:

The comma (,) has been used as decimal marker for metric dimensions. In Tanzania, it is current practice to use a full point (.) on the baseline as a decimal marker.

Wherever the words “International Standard” appear, referring to this draft standard, they should read as “Tanzania Standard”.
