0 National foreword

This draft Tanzania Standard is the identical adoption of ISO 24090:2021 Dried barberry — Specification an test methods published by International Organization for Standardization.

1 Terminology and conventions.

Some terminologies and certain conventions in the ISO standards are not identical with those used in Tanzania Standards and attention is drawn to the following:

The comma (,) has been used as a decimal marker (.) for metric dimensions. In Tanzania Standards, it is current practice to use a full point on the base line as the decimal marker.

Wherever the words “International Standard” appear in this Tanzania Standard, they should be interpreted as “Tanzania Standard”.

2 Scope

This document specifies requirements and test methods for the dried barberry fruit of the *Berberis vulgaris* L. tree.

It is applicable to dried red barberries only.
