REVISED TBS REGULATED LIST OF HS CODES

Dar es Salaam, 17<sup>th</sup> October, 2023

Tanzania Bureau of Standards (TBS) hereby informs all the Importers, Clearing and Forwarding Agents, other stakeholders and the general public that, it has reviewed its regulated list of Harmonized System Codes (HS Codes) in order to strengthen import and export control as well as increasing efficiency by simplifying cargo clearance process at entry ports.

Therefore, some goods such as insecticides, glutamic acid salts and machinery parts have been shifted to either Pre-shipment Verification of Conformity (PVoC) Programme, Destination Inspection (DI) Programme or non-regulated. In this regard, a new TBS regulated list is now available on our website ([www.tbs.go.tz](http://www.tbs.go.tz) > Compliance and Enforcement > Import and Export Control).

Please take further note that, these changes shall come into force on the date of publication of this notice. However, the consignments already on board, arriving at ports of entry and those already purchased and are under process to be shipped to Tanzania shall be handled as per previous list until 31<sup>st</sup> October, 2023.

**NB:** The Importer/CFA shall be required to provide evidence for the same during clearance at the port.
