

# TANZANIA BUREAU OF STANDARDS (TBS)

## NOTICE TO CALIBRATION CUSTOMERS

**Dear Esteemed Calibration Customers,**

TBS Metrology laboratory would like to inform you that has applied for voluntary suspension of accreditation of Temperature metrology (**in house calibration only**) for the following items; Thermocouple, Platinum Resistance Thermometers, Liquid-in-Glass thermometers, Resistance Temperature Devices & thermistors, Digital thermometers with thermocouples and Data loggers.

The voluntary suspension is due to shifting of Temperature metrology from an old laboratory building to a new laboratory building.

Therefore, we inform you that if such equipment will be brought at TBS laboratory for calibration will not have accreditation log but for those calibrated onsite will remain under accreditation.

**NB: Suspension period:** two months from 7<sup>th</sup> October to 6<sup>th</sup> December 2021.

Sorry for any inconveniences caused by this suspension
