

DRAFT TANZANIA STANDARD

Tissue paper and tissue products - Part 1: Vocabulary

For Stakeholder's Comments Only

TANZANIA BUREAU OF STANDARDS

CDC 10 (1446) DTZS / ISO 12625-1:2019 Tissue paper and tissue products - Part 1: Vocabulary

National Foreword

Tanzania Bureau of Standards (TBS) is a sole National Standards body, established by the Standards Act No. 2 of 2009. It is mandated, among other functions, with formulation of National Standards in all products.

This Draft Tanzania Standard is being prepared by Stationery and Paper Products Technical Committee under the supervision of Chemical Divisional Standards Committee.

This Draft Tanzania Standard is identical to ISO 12625-1:2019 Tissue paper and tissue products - Part 1: Vocabulary.

Terminology and conventions

The text of the international standard is hereby being recommended for approval without deviation for publication as draft Tanzania standard.

Some terminology and certain conventions are not identical with those used as Tanzania standard; attention is drawn especially to the following;

The coma (,) has been used as a decimal marker (.) for metric dimension. In Tanzania, its current practice to use a full point on the baseline as decimal marker.

Wherever the words “International Standard” appears in the text, referring to this standard, they should be read as “Tanzania Standard”.

Scope

This document establishes general principles for the use of terms in the entire working field of tissue paper and tissue products.

It permits the use of a common terminology in industry and commerce.

It is expressly stated that ISO 15755 applies for the detection of impurities and contraries in tissue paper and tissue products.

For the determination of moisture content in tissue paper and tissue products, ISO 287 applies.
