## DRAFT TANZANIA STANDARD

---

### 0. National foreword

The Tanzania Bureau of Standards is the statutory national standards body for Tanzania, established under the Act.No.3 of 1975, amended by Act.No.2 of 2009.

This draft Tanzania standard is being prepared by environmental management Technical Committee, under the supervision of the Environmental Management Divisional Standards Committee (EMDC)

This draft Tanzania Standard is identical to *ISO 14030-2:2021-Environmental performance evaluation — Green debt instruments — Part 2: Process for green loans*, published by the International Organization for Standardization (ISO).

### Terminology and conventions

The text of the International Standard is hereby being recommended for approval without deviation for publication as draft Tanzania standard. Some terminology and certain conversion are not identical with those used in Tanzania Standards; attention is drawn to the following:

The comma (,) has been used as decimal marker for metric dimensions. In Tanzania, it is current practice to use a full point (.) on the baseline as a decimal marker.

Wherever the words “International Standard” appear, referring to this draft standard, they should read as “Tanzania Standard”.

### 1. SCOPE.

This document establishes principles, specifies requirements and gives guidelines:

- for designating as “green” loans which finance eligible projects, assets and supporting expenditures;
- for managing and reporting on the use of proceeds;
- for defining, monitoring and reporting on the environmental impacts;
- for reporting to interested parties;
- for validation and verification.

This document is applicable to any borrower seeking financing by way of a green loan for eligible green projects, assets and supporting expenditures. It is also applicable to lenders
