

**Leather — Chemical tests for the determination of certain azo
colorants in dyed leathers — Part 2: Determination of 4-
aminoazobenzene**

Draft for Stakeholder's Comments Only!

TANZANIA BUREAU OF STANDARDS

National foreword

1.0 Introduction

1.1 This Draft Tanzania Standard is being reviewed by the Leather and leather products Technical committee, under the supervision of Leather Technology Division Standards Committee.

1.2 This Draft Tanzania Standard is identical to ISO 17234-2:2011 Leather — Chemical tests for the determination of certain azo colorants in dyed leathers — Part 2: Determination of 4-aminoazobenzene (was reviewed and confirmed on 2018). Published by International Organization for Standardization (ISO).

1.3 This Draft Tanzania Standard is the first edition.

1.4 The text of the International standard is hereby being recommended for approval without deviation for publication as Draft Tanzania Standard.

2.0 Terminologies and conventions

If terminologies and conventions are not identical with those used in Tanzania standards; attention is drawn especially to the following: -

The comma has been used as a decimal marker for metric dimensions. In Tanzania Standards, it is current practice to use “full point” on the baseline as the decimal marker.

Where the words “International Standard(s)” appear, referring to this Draft Tanzania standard they should read “Draft Tanzania Standard(s)”.
