

TBS/AFDC 20 (2671) DTZS/ISO 20778:2018

DRAFT TANZANIA STANDARD

Cigarettes - Routine analytical cigarette smoking machine - Definitions and standard conditions with an intense smoking regime

TANZANIA BUREAU OF STANDARDS

NATIONAL FOREWORD

The Tanzania Bureau of Standards is a statutory national standards body for Tanzania established under the Act.No.3 of 1975, amended by Act.No.2 of 2009.

This draft Tanzania Standard is being prepared by the Tobacco and Tobacco products technical committee under supervision of Agriculture and Food Standards Divisional Committee (AFDC)

This draft Tanzania standard defines smoking parameters and specifies the conditions to be provided for the routine analytical machine smoking of cigarettes under specified intense conditions. It also specifies the requirements for a routine analytical smoking machine conforming with these conditions; and additional test methods for machine verification.

This draft Tanzania standard is identical to the ISO 20778:2018 Cigarettes - Routine analytical cigarette smoking machine - Definitions and standard conditions with an intense smoking regime, published by International Organization for Standardization.

TERMINOLOGY AND CONVENTIONS

This text of the international standards if found suitable, may be approved for application as a Tanzania Standard without deviations.

Some terminology and certain conventions are not identical with those used in Tanzania standards; attention is drawn especially to the following.

- 1) The comma has been used as a decimal marker for metric dimensions. In Tanzania standards, it is current practice to use a full point on the base line as the decimal marker.
- 2) Wherever the words “International Standard” appear, referring to this Standard they should read as “Tanzania Standard”.
