

DRAFT TANZANIA STANDARD

**Fire protection equipment — Carbon dioxide extinguishing systems
for use on premises — Design and installation**

FOR STAKEHOLDER'S COMMENTS

TANZANIA BUREAU OF STANDARDS

MEDC 13 (2610) DTZS/- ISO 6183:2022

National foreword

This Tanzania Standard is identical to ISO 6183:2022, *Fire protection equipment — Carbon dioxide extinguishing systems for use on premises — Design and installation*, published by the International Organization for Standardization (ISO).

Terminology and conventions

Some terminology and certain conventions in the ISO standards are not identical with those used in Tanzania Standards and attention is drawn to the following:

The comma (,) has been used as a decimal marker (.) for metric dimensions. In Tanzania Standards, it is current practice to use a full point on the base line as the decimal marker.

Wherever the words “International Standard” appear in this Tanzania Standard, they should be interpreted as “Tanzania Standard”.
