# MEDC 13 (2611) DTZS/ ISO 7165:2017

## National foreword

This Tanzania Standard is identical to ISO 7165:2017, *Firefighting — Portable fire extinguishers — Performance and construction*, published by the International Organization for Standardization (ISO).

## Terminology and conventions

Some terminology and certain conventions in the ISO standards are not identical with those used in Tanzania Standards and attention is drawn to the following:

The comma (,) has been used as a decimal marker (.) for metric dimensions. In Tanzania Standards, it is current practice to use a full point on the base line as the decimal marker.

Wherever the words “International Standard” appear in this Tanzania Standard, they should be interpreted as “Tanzania Standard”.
