DRAFT TANZANIA STANDARD

**Mechanical contraceptives - Reusable natural and silicone rubber
contraceptive diaphragms - Requirements and tests**

TANZANIA BUREAU OF STANDARDS

National foreword

The Tanzania Bureau of Standards is the statutory National standards body for Tanzania, established under the Act.No.3 of 1975, amended by Act.No.2 of 2009.

This Draft Tanzania Standard is being adopted by Mechanical contraceptive Technical Committee under the supervision of the Textile and Leather Divisional Standards Committee.

This Draft Tanzania Standard is the identical adoption of **ISO 8009:2022** Mechanical contraceptives-Reusable natural and silicone rubber contraceptive diaphragms-Requirements and tests, **published by the International Organization for Standardization**

The text of the International Standard is hereby recommended for approval without deviation for publication as Draft Tanzania Standard.

Some terminologies and certain conventions are not identical with those used as Tanzania Standards; attention is drawn especially to the following: -

The comma has been used as a decimal marker for metric dimensions. In Tanzania Standards, its current practice to use full point on the baseline as the decimal marker.

Where the words "International Standard(s)" appear, referring to this standard they should read "Tanzania Standard".

Draft for Stakeholders' Comments only
