Legal Notice No. EAC/424/2024

EAST AFRICAN COMMUNITY

THE EAST AFRICAN COMMUNITY STANDARDIZATION, QUALITY ASSURANCE, METROLOGY, AND TESTING ACT, 2006,

(NOTICE OF DECLARATION OF EAST AFRICAN STANDARDS), DECEMBER 2024.

IN EXERCISE of the powers conferred on the Council by section 14(1), (2), and (5) of the East African Community Standardization, Quality Assurance, Metrology and Testing Act, 2006, the titles and scopes of the list of standards below is declared, amended and withdrawn.

A1: LIST OF THE TITLES AND SCOPES OF THE EAS FOR DECLARATION

- A) **EASC /TC 004, Meat and meat products.**
- 1) **EAS 954:2024, Meat sausages — Specifications (Second edition)**
This East African Standard specifies requirements, sampling and test methods for meat sausages intended for human consumption.
This standard does not cover dry or fermented sausages.
This second edition cancels and replaces the first edition (EAS 954: 2020), which has been technically revised.
- 2) **EAS 1186:2024, Edible insects — Specifications (First edition)**
This East African Standard specifies requirements, sampling and test methods for dried whole edible insects and insect powder intended for human consumption
- 3) **EAS 1187:2024, Edible Offal — Specification (First edition)**
This East African Standard specifies requirements, sampling and test methods for edible offal intended for human consumption.
- 4) **EAS 1188:2024, Edible natural casing — Specification (First edition)**
This East African Standard specifies requirements, sampling and test methods for edible natural casings fit for human consumption.
This standard does not cover artificial casings including but not limited to casings from cellulose and collagens.
- 5) **EAS 1189:2024, Marinated meat — Specifications (First edition)**
This East African Standard specifies requirements, sampling and test methods for marinated meat intended for human consumption
- 6) **EAS 1190:2024, Handling, storage and transport of slaughterhouse by products — guidelines (First edition)** This East African Standard provides guidelines for proper handling, storage and transport of by-products of slaughterhouses and meat processing factories
- B) **EASC /TC 010, Food hygiene**
- 7) **EAS 151:2024, Hazard Analysis Critical Control Point (HACCP) system — Requirements (Second edition)**
This East African Standard specifies the requirements for establishment, implementation and maintenance of the

HACCP system as a preventive system to ensure food safety control measures at each step throughout the food chain from primary production to final consumption.

This standard applies to all food handling organizations, regardless of size, which produce, manufacture, handle or supply food involved in one or more steps of the food chain. This includes organizations directly involved but not limited to feed producers, farmers, harvesters, producers of ingredients, food manufacturers, retailers, food services, catering services, organizations providing cleaning, transportation, storage and distribution services and other organizations indirectly involved including, but not limited to, suppliers of equipment, cleaning agents and packaging material, and other food contact materials.

This second edition cancels and replaces the first edition (EAS 151: 2000), which has been technically revised.

C) EASC/TC 020, Agriculture and Agrochemicals.

8) EAS 904:2024, Fertilizers - Phosphate rock powder — Specification (Second edition)

This East African Standard specifies requirements, sampling and test methods for phosphate rock fertilizers of biogenic sedimentary origin in powder form intended for direct application.

This second edition cancels and replaces the first edition (EAS 904: 2019), which has been technically revised.

9) EAS 905:2024, Fertilizers — Granulated phosphate rock — Specification (Second edition)

This East African Standard specifies requirements, sampling and test methods for phosphate rock fertilizers of biogenic sedimentary origin in granular form intended for direct application.

This second edition cancels and replaces the first edition (EAS 905: 2019), which has been technically revised.

10) EAS 906: 2024, Fertilizers - Triple superphosphate — Specification (Second edition)

This East African Standard specifies requirements, sampling and test methods for Triple Super Phosphate (TSP) fertilizer.

This second edition cancels and replaces the first edition (EAS 906: 2019), which has been technically revised.

11) EAS 907:2024, Fertilizers - Potassium sulphate — Specification (Second edition)

This East African Standard specifies requirements, sampling and test methods for potassium sulphate (sulphate of potash) fertilizer.

This second edition cancels and replaces the first edition (EAS 907: 2019), which has been technically revised.

12) EAS 908:2024, Fertilizers - Potassium chloride – Specification (Second edition)

This East African Standard specifies requirements, sampling and test methods for potassium chloride (muriate of potash) fertilizer.

This second edition cancels and replaces the first edition (EAS 908: 2019), which has been technically revised.

13) EAS 909:2024, Fertilizers - Calcium ammonium nitrate (CAN) — Specification (Second edition)

This East African Standard specifies requirements, sampling and test methods for Calcium Ammonium Nitrate (CAN) fertilizer.

This second edition cancels and replaces the first edition (EAS 909: 2019) which has been technically revised.

14) EAS 910:2024, Fertilizers - Urea — Specification (Second edition)

This East African Standard specifies requirements, sampling and test methods for urea fertilizer. This standard does not apply to coated urea.

This second edition cancels and replaces the first edition (EAS 910: 2019), which has been technically revised.

15) 911:2024, Fertilizers - Ammonium sulphate – Specification (Second edition)

East African Standard specifies requirements, sampling and test methods for ammonium sulphate (sulphate of ammonia) fertilizer.

- This second edition cancels and replaces the first edition (EAS 911: 2019) which has been technically revised*
- 16) **EAS 912:2024, Fertilizers - Nitrogen, phosphorus and potassium (NPK) compound – Specification (Second edition)**
This East African Standard specifies requirements, sampling and test methods for NPK fertilizer (compound).
This second edition cancels and replaces the first edition (EAS 912: 2019), which has been technically revised.
- 17) **EAS 1162:2024, Fertilizers – Mono-Ammonium Phosphate and Di-Ammonium Phosphate (MAP & DAP) – Specification (First edition)**
This East African Standard specifies requirements, sampling and test methods for field grade Mono-Ammonium Phosphate and Di-Ammonium Phosphate (MAP and DAP) fertilizer
- 18) **EAS 1163:2024, Fertilizer – Single Super Phosphate — Specification (First edition)**
This East African Standard specifies requirements, sampling and test methods for Single Super Phosphate (SSP) fertilizer in powder and granular forms
- 19) **EAS 1164:2024, Foliar Fertilizer— Specification (First edition)**
This East African Standard specifies requirements, sampling and test methods for inorganic foliar fertilizer.
- 20) **EAS 1165:2024, Agricultural liming materials — Specification (First edition)**
This East African Standard specifies requirements, sampling and test methods for agricultural liming materials. This standard applies to agricultural liming materials, including limestone (calcitic and dolomitic), quicklime (burnt lime), hydrated lime, slag, shells and shell sand.
- 21) **EAS 1166:2024, Code of Practice for Handling and Storage of Bagged Fertilizer (First edition)**
This East African Standard provides guidelines for handling, storage and disposal of fertilizers and soil conditioners packaged in bags, with or without a plastics liner.
- 22) **EAS 1167:2024, Organic fertilizer — Specification (First edition)**
This East African Standard specifies requirements, sampling and test methods for organic fertilizer.
- 23) **EAS 1176: 2024, Bio-fertilizer — Specification (First edition)**
This East African Standard specifies requirements, methods of sampling and test for bio fertilizers.
- D) **EASC/TC 042, Production and General Engineering**
- 24) **EAS 1178-1:2024, Agricultural machinery — Specification — Part 1: Animal-drawn mouldboard ploughs (First edition)**
This East African Standard specifies requirements, sampling and test methods for animal-drawn long-beam and short-beam mouldboard ploughs of fixed type used for tilling land.
- 25) **EAS 1178-2:2024, Agricultural machinery — Specification — Part 2: Tractor-operated mouldboard ploughs (First edition)**
This East African Standard specifies requirements, sampling and test methods for tractor-operated mouldboard ploughs used for tilling land.
- 26) **EAS 1179:2024, Hand-held hedge shears — Specification (First edition)**
This East African Standard specifies requirements, sampling and test methods for both powered and non-powered hand-held hedge shears used for trimming (cutting, pruning), hedges or solitary shrubs (bushes).
- 27) **EAS 1180:2024, Picks and mattocks — Specification (First edition)**
This East African Standard specifies requirements, sampling and test methods for picks and mattocks. This standard covers:
- a) two types of picks;
 - b) one type of beater pick; and
 - c) six types of mattocks.

- 28) 1181:2024, Agricultural machinery — Disc ploughs — Specification (First edition)**
East African Standard specifies requirements, sampling and test methods for disc ploughs used in four-wheel tractors or riding agricultural tractors.
This standard does not cover two- wheel tractors or walking agricultural tractors.
- 29) EAS 1182:2024, Agricultural machinery — Disc and mouldboard ploughs — Test methods (First edition)**
This East African Standard specifies the test methods and inspection for animal-drawn and tractor-operated disc and mouldboard ploughs used for tilling land.
- E) EASC/TC 061, Textiles, textiles products and Accessories**
- 30) EAS 1141-1: 2024, Textile garments — Specification — Part 1: General requirements (First edition)**
This East African standard specifies requirements, sampling and test methods for garments made from any type of textile fibre or a combination of fibres.
This standard is only intended to be used in combination with other parts of the standard containing specific requirements for garment performance and not on a stand-alone basis.
This standard does not apply to personal protective wear.
- 31) EAS 1141-2: 2024, Textile garments — Specification — Part 2: Shirts and blouses (First edition)** This East African Standard specifies requirements, sampling and test methods for shirts and blouses.
This standard does not apply to school uniforms and other uniform shirts and blouses.
- 32) EAS 1141-3: 2024, Textile garments — Specification — Part 3: T-shirts (First edition)**
This East African Standard specifies requirements, sampling and test methods for T-shirts including sports T-shirts, polo, crew-neck and vests.
- 33) EAS 1141-4: 2024, Textile garments — Specification — Part 4: Skirts and dresses (First edition)** This East African Standard specifies requirements, sampling and test methods for skirts and dresses.
This standard does not apply to Dera dress and school uniforms.
- 34) EAS 1141-5: 2024, Textile garments — Specification — Part 5: Jackets and coats (First edition)** This East African Standard specifies requirements, sampling and test methods for jackets and coats.
This standard is not applicable to leather jackets and coats, school wear blazers, protective jackets such as those used for firefighting, medical jackets, dust coats, reflective jackets and rain coats.
- 35) EAS 1141-6: 2024, Textile garments — Specification — Part 6: Cardigans and sweaters (First edition)**
This East African Standard specifies requirements, sampling and test methods for cardigans and sweaters also known as pullovers, jumpers, sweater vests and slip overs.
This standard is not applicable to school sweaters and cardigans.
- 36) EAS 1141-7: 2024, Textile garments — Specification — Part 7: Trousers and shorts (First edition)**
This East African Standard specifies requirements, sampling and test methods for trousers and shorts worn by women, men and children.
This standard is not applicable to school clothing trousers and shorts.
- 37) EAS 1177-1: 2024, Yarn made from staple fibres — Specification — Part 1: Cotton yarn (First edition)**
This East African Standard specifies requirements, sampling and test methods for 100 % cotton yarn.
- F) EASC/TC 069, Organic and Inorganic Chemicals.**
- 38) EAS 1115-1:2024 Mattresses — Specification — Part 1: Flexible polyurethane foam (First edition)**
This East African Standard specifies requirements, sampling and test methods for flexible polyurethane foam mattresses.

This standard does not cover orthopaedic and reconstituted mattresses.

- 39) **1115-3: 2024, Mattresses — Specification — Part 3: Reconstituted polyurethane foam (First edition)**
East African Standard specifies requirements, sampling and test methods for reconstituted polyurethane foam mattresses.
This standard also covers orthopaedic mattresses made of reconstituted foam.
- 40) **EAS 1115-4: 2024, Mattresses — Specification — Part 4: Polyethylene foam (First edition)**
This East African Standard specifies requirements, sampling and test methods for polyethylene foam
- G) **EASC/TC 070, Paints, varnishes and related products.**
- 41) **EAS 290-1: 2024, Floor Polishes — Specification — Part 1: Solvent type (liquid and paste) (Second edition)**
This East African Standard specifies requirements, sampling and test methods for solvent-based floor polish (liquid and paste) intended for use on all wooden and solvent resistant surfaces.

This second edition cancels and replaces the first edition (EAS 290-1: 2002), which has been technically revised.
- 42) **EAS 290-2: 2024, Floor Polishes — Specification — Part 2: Water emulsion buffable type (Second edition)** This East African Standard specifies requirements, sampling and test methods for buffable water based (emulsion) floor polish.
This standard does not apply to water emulsion floor polish buffable type used on wooded, cork or magnesite floors which are not properly sealed.
This standard does not apply to floor polish solvent type (liquid and paste) covered by EAS 290-1.

This second edition cancels and replaces the first edition (EAS 290-2: 2002), which has been technically revised.
- 43) **EAS 848: 2024, Water-thinned priming paints for wood — Specification (Second edition)**
This East African Standard specifies requirements, sampling and test methods for water-thinned priming paint for wood.

This second edition cancels and replaces the first edition (EAS 848: 2016), which has been technically revised.
- 44) **EAS 853-1: 2024, Auto-refinishing paint — Specification — Part 1: Synthetic resin based (Second edition)** This East African Standard specifies requirements, sampling and test methods for *synthetic resin*-based auto-refinishing paint.

This second edition cancels and replaces the first edition (EAS 853-1: 2016), which has been technically revised.
- 45) **EAS 856: 2024, Two-Pack acrylic resin-based auto-refinishing paint — Specification (Second edition)**
This East African Standard specifies requirements, sampling and test methods for *2-pack acrylic resin*-based auto-refinishing paint.

This second edition cancels and replaces the first edition (EAS 856: 2016), which has been technically revised.
- H) **EASC/TC 071, Cosmetics and related products.**
- 46) **EAS 336: 2024, Hair remover — Specification — Alkaline thioglycolic-based (3rd edition)**
This East African Standard specifies requirements, sampling and test methods for *alkaline thioglycolic*-based hair remover (also known as chemical depilatory).

This standard does not apply to hair removers of the epilatory type and those having metallic sulphides or stannite composition.

This third edition cancels and replaces the second edition (EAS 336: 2013), which has been technically revised.
- 47) **EAS 840: 2024, Shaving cream — Specification (Second edition)**
This East African Standard specifies requirements, sampling and test methods for shaving creams.

This second edition cancels and replaces the first edition (EAS 840: 2017), which has been technically revised.

A2: LIST OF TITLES OF INTERNATIONAL STANDARDS ENDORSED BY COUNCIL FOR ADOPTION BY THE PARTNER STATES.

1. ISO 2114 Plastics (polyester resins) and paints and varnishes (binders) — Determination of partial acid value and total acid value.
2. ISO 2859-1 Sampling procedures for inspection by attributes — Part 1: Sampling schemes indexed by acceptance quality limit (AQL) for lot-by-lot inspection.
3. ISO 3573 Hot-rolled carbon steel sheet of commercial and drawing qualities.
4. ISO 4625-1 Binders for paints and varnishes — Determination of softening point — Part 1: Ring-and-ball method.
5. ISO 4957 Tool steels.
6. ISO 5318 Fertilizers — Determination of potassium content — Potassium tetraphenylborate gravimetric method.
7. ISO 6506-1 Metallic materials — Brinell hardness test — Part 1: Test method.
8. ISO 6507-1 Metallic materials — Vickers hardness test — Part 1: Test method.
9. ISO 6508-1 Metallic materials — Rockwell hardness test — Part 1: Test method.
10. ISO 8067, Flexible cellular polymeric materials — Determination of tear strength.
11. ISO 8910 Machinery and equipment for working the soil — Mouldboard plough working elements — Vocabulary.
12. ISO 9514 Paints and varnishes — Determination of the pot life of multicomponent coating systems — Preparation and conditioning of samples and guidelines for testing.
13. ISO 10517 Powered hand-held hedge trimmers — Safety.
14. ISO 11890-2 Paints and varnishes — Determination of volatile organic compounds (VOC) and/or semi volatile organic compounds (SVOC) content — Part 2: Gas-chromatographic method.
15. ISO 13934-1, Textiles — Tensile properties of fabrics — Part 1: Determination of maximum force and elongation at maximum force using the strip method.
16. ISO 14820-1 Fertilizers and liming materials - Sampling and sample preparation - Part 1: Sampling.
17. ISO 14820-2 Fertilizers and liming materials - Sampling and sample preparation - Part 2: Sample preparation.
18. ISO 15958 Fertilizers — Extraction of water-soluble phosphorus.
19. ISO 19396-1 Paints and varnishes — Determination of pH value — Part 1: pH electrodes with glass membrane.
20. ISO 19396-2, Paints and varnishes — Determination of pH value — Part 2: pH electrodes with ISFET technology.
21. ISO 23854:2021 - Fermented meat products — Specification.

HON. BEATRICE ASUKUL MOE
Chairperson Council of Ministers
