

## DRAFT TANZANIA STANDARD

---

Plastics – Wood-plastic recycled composites (WPRC)-Part 2: Test methods

For Public comments only

**TANZANIA BUREAU OF STANDARDS**

---

## **0.National foreword**

The Tanzania Bureau of Standards is the statutory national standards body for Tanzania, established under the act.No.3 of 1975, amended by act.No.2 of 2009

This draft Tanzania Standard is being prepared by the Plastic and Plastic Products Technical Committee, under the supervision of the Chemicals Divisional Standards Committee (CDC)

This draft Tanzania Standard is an identical adoption of *ISO 20819-2:2023 Plastics – Wood-plastic recycled composites (WPRC)-Part 2: Test methods published by the International Organization for Standardization (ISO)*.

## **Terminologies and conventions**

The text of the International standard is hereby being recommended for approval without deviation for publication as draft Tanzania standard.

Some terminologies and certain conventions are not identical with those used as Tanzania standards; attention is drawn to the following:

The comma has been used as a decimal marker for metric dimensions. In Tanzania, it is current practice to use a full point on the baseline as the decimal marker.

Wherever the words “International Standard” appear, referring to this draft standard, they should read as “Tanzania Standard”.

## **1. SCOPE**

This document defines the test methods for fundamental physical properties and durability required for wood-plastic recycled composites (hereinafter called WPRC) stipulated in ISO 20819-1.
