## **Foreword**

The Tanzania Bureau of Standards is the statutory national standards body for Tanzania, established under the Act.No.3 of 1975, amended by Act.No.2 of 2009.

This Tanzania Standard has been adopted by Packaging Technical committee, under the supervision of the General Techniques Standards Divisional Committee (GTDC) and it is in accordance with the procedures of the Bureau.

This is the systematic revision of TZS 746-1:2009/ISO 6590-1:1983 hence it is the second edition which cancels and replaces the first edition.

## **Terminology and conventions**

Some terminology and certain conventions are not identical with those used as Tanzania Standard; attention is drawn to the following:

The comma has been used as decimal marker for metric dimensions. In Tanzania, its current practice to use a full point on the baseline as decimal marker.

Whenever the words "International Standard" appear, referring to this draft Tanzania Standard, they should read as "Tanzania Standard".

## **Scope**

This part of ISO 6590 defines terms commonly used in Paper sack manufacture. It refers to Single- and multi-ply Sacks made from Paper; it does not refer to bags for the retail trade.
