

## DRAFT TANZANIA STANDARD

---

**Fruit and vegetable products — Determination of water-insoluble solids**

*Draft for stakeholders comments*

**TANZANIA BUREAU OF STANDARDS**

---

# AFDC 12 (4242) DTZS/ISO 751:1998

## 1 National foreword

This Tanzania Standard is identical to ISO 751: 1998, *Fruit and vegetable products — Determination of water-insoluble solids*, published by the International Organization for Standardization (ISO).

## 2 Terminology and conventions

Some terminology and certain conventions in the ISO standards are not identical with those used in Tanzania Standards and attention is drawn to the following:

The comma (,) has been used as a decimal marker (.) for metric dimensions. In Tanzania Standards, it is current practice to use a full point on the base line as the decimal marker.

Wherever the words “International Standard” appear in this Tanzania Standard, they should be interpreted as “Tanzania Standard”.

## 3 Scope

This Standard specifies a method for the determination of the content of water-insoluble solids in the edible parts of fruit and vegetable products.
