DRAFT TANZANIA STANDARDS

Tobacco heating systems — Vocabulary

TANZANIA BUREAU OF STANDARDS

DRAFT TZS FOR STAKEHOLDER'S COMMENT ONLY

AFDC 22 (4396) DTZS/ISO 6080:2024

NATIONAL FOREWORD

The Tanzania Bureau of Standards is a statutory national standards body for Tanzania, established under the Act.No.3 of 1975, amended by Act. No. 2 of 2009.

This Tanzania standard is being prepared by Tobacco and Tobacco Products Technical Committee, under the supervision of Agriculture and Food Standards Divisional Committee (AFDC).

This Tanzania standard is identical adoption of ISO 6080:2024 Tobacco heating systems — Vocabulary published by the Technical Committee ISO 126 of International Organization for Standardization.'

TERMINOLOGY AND CONVENTIONS.

The text of international standard is hereby being recommended for approval without deviation for publication as Tanzania standard.

Some terminologies and certain conventions are not identical with those used in Tanzania standards: attention is drawn especially to the following: -

- 1) The comma has been used as decimal marker for Metric dimensions. In Tanzania standards, it's currently practice to use "full point" on the baseline as decimal marker.
- 2) Where the words "International Standard(s)" appear, referring to this standard they should read "Tanzania Standard(s)".

SCOPE

This document:

- defines standardized terminology and definitions for the heated tobacco product (HTP) category;
- defines the heated tobacco product (HTP) sub-categories and the attributes of each;
- does not include waterpipe or loose-leaf tobacco products.

This document does not specify the means for aerosol trapping, subsequent sample preparation or analyses of components in the trapped aerosol.

The HTP category clearly excludes products such as conventional combustible cigarettes, cigars, roll-your own tobacco products, pipe tobacco products, e-vapor products (also called electronic cigarettes or e-cigarettes), moist smokeless tobacco, oral tobacco products, and oral tobacco derived nicotine (OTDN) products.

This document describes the terms and definitions that apply to tobacco heating systems. Any product that falls under those terms and definitions can be tested applying testing standards that are specifically

AFDC 22 (4396) DTZS/ISO 6080:2024

addressing tobacco heating systems. This document aids in choosing the right standard for tobacco heating systems testing.
