DRAFT TANZANIA STANDARDS

Nicotine pouches — Test method for pH

TANZANIA BUREAU OF STANDARDS

DRAFT TZS FOR STAKEHOLDER'S COMMENT ONLY

AFDC 22 (4331) DTZS/ISO 21109:2025

NATIONAL FOREWORD

The Tanzania Bureau of Standards is a statutory national standards body for Tanzania, established under the Act.No.3 of 1975, amended by Act. No. 2 of 2009.

This Tanzania standard is being prepared by Tobacco and Tobacco Products Technical Committee, under the supervision of Agriculture and Food Standards Divisional Committee (AFDC).

This Tanzania standard is identical adoption of ISO 21109:2025 Nicotine pouches — Test method for pH published by the Technical Committee ISO 126 of International Organization for Standardization.'

TERMINOLOGY AND CONVENTIONS.

The text of international standard is hereby being recommended for approval without deviation for publication as Tanzania standard.

Some terminologies and certain conventions are not identical with those used in Tanzania standards: attention is drawn especially to the following: -

- 1) The comma has been used as decimal marker for Metric dimensions. In Tanzania standards, it's currently practice to use "full point" on the baseline as decimal marker.
- 2) Where the words "International Standard(s)" appear, referring to this standard they should read "Tanzania Standard(s)".

SCOPE

This document specifies a method for the determination of pH of nicotine pouches.
