0 Foreword

The Tanzania Bureau of Standards is the statutory national standards body for Tanzania, established under standards Act No. 3 of 1975, amended by Act No. 2 of 2009.

This draft Tanzania Standard is being prepared by the BCDC 14 Building and Civil Engineering General Technical Committee under the supervision of the Building and Construction Divisional Committee (BCDC).

This draft Tanzania Standard is an identical adoption of the International ISO 10845-8:2011 Participation of targeted labour in contracts, published by the International Organization for Standardization.

Terminologies and conventions

The text of the International Standard is hereby recommended for approval without modification.

Some terminologies and certain conventions are not identical with those used as Tanzania Standard; attention is drawn to the following:

The comma (,) has been used as decimal marker (.) for metric dimensions. In Tanzania Standards, its current practice to use a full point on the baseline as decimal marker.

Whenever the words “International Standard” appear, referring to this standard, they should be interpreted as “Tanzania Standard”.

Scope

This part of ISO 10845 establishes a key performance indicator in the form of a contract participation goal (CPG), relating to the engagement of targeted labour on a contract for the provision of services or engineering and construction works. A CPG may be used to measure the outcomes of a contract in relation to the engagement of targeted labour or to establish a target level of performance for the contractor to achieve or exceed in the performance of a contract.

This part of ISO 10845 sets out the methods by which the key performance indicator is measured, quantified and verified in the performance of the contract in respect of two different targeting strategies:
